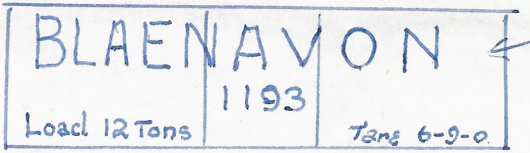
Dear Sir.

Noting your inquiry in the "Railway Modeller" for particulars of the livery of Blaenavon P.O. wagons. you may find the following helpful. Body colour was a medium grey (slightly darker than M.R. grey) & the lettering white, shaded black. I made a note of one of these wagons in 1942 whilst on a journey. The lettering was high up on the wagon side. as in the rough sketch see over



SORRY NOT VERY WELL SPACED.

They were I think an 8 plank wagon & had end opening doors in addition to the usual side d[oors]

Yours truly.
